By the foregoing it appears that the accumulations of the so-called surplus for the one year to end June 30 are only \$597,458—a sum that is little less than one-third of the amount that heretofore has been a necessary annual expenditure for additions, etc., to maintain the earning capacity of the company's lines.

The Stock Exchange markets to-day developed in new features. There were the same little space, and lock of

features. There were the same listlessness and lack of demand in the bond department that before have been re-

demand in the bond department that before have been remarked upon and a corresponding general shrinkage of values in the share market. The decline in prices for stocks stimulated a more active trading, so that the day's business aggregates 403,895 shares, against only 288,000 shares yesterday. There is little to be said of the market beyond that it generally was weak, subject to small fluctuations. Central and

Hudson, after opening s per cent lower at 1021s. was exceptionally strong at about 103, and finally was stim-

ulated by the purchase of 1,600 shares " under the rule"

for non-deliveries, so that it rose to 1034 \$1034. Lake Shore, on the contrary, declined from 834 to 815,2824. Rock Island easily dropped from 112 to 1081,2109, and Burlington and

Quincy sold down to 111 5 2112 5. To-day there was a good deal of talk about an improvement in the anthracite coal trade; nevertheless coal is selling from 60 to 80 cents per ton below the prices of a

yearago, and 50 cents per ton reduction on the output of 1883 wipes out the dividends of all the companies that have first charges—interest and rentals—to

pay before profits to stockholders can be figured out. But despite the favorable conditions which were reported, Delaware, Lackawanna and Western declined from 100 to 973_8297_8 , and Delaware and Hudson from 93 to 91^3_4 σ 9112: Reading, after 2212, rose to 2314, and Central of New-Jersey sold at 56 255 25514. Missouri Pacific was a

New-Jersey sold at 56 \$\pi 55 \$\pi 55^2 \cdot \text{.}\$ Missouri Pactic was a "marked card" in the day's dealings and shows an advance of \$\pi\$ per cent on yesterday's last price; the reported transactions amount to 21.250 shares, yet it is probable that transactions in the stock outside of matched orders did not amount to 1,000 shares; neither is it probable that there is a "short" interest in the stock that will pay for a forced fluctuation of \$\pi\$ per cent. Union Pacific declined from 42\pi_8 to 40\pi_9, and rallied to 41\pi_9 Western Union declined from 50\pi_8 to 58\pi_8 258\pi_8\$. The market closed weak at small reactions from the lowest price.

Government bonds were dull at unchanged quotations as follows:

| Bid. Asked. | Bid. Asked. | U.S. 4 half 32 | 1391, reg. 110 half 110 half | U.S. 4 half 32 | L.S. car 8 half 12 | U.S. 4 half 32 | L.S. car 8 half 12 | U.S. car 9 half 12 | U.

bundred-and-sixty-fifth and One-hundred-and-sixty-ninth its. in Westelnester ave., and also on the line of the Suburban Rapid Transit Railway. The neighborhood is supplied with water, gas, and police service, and the lots are ready for building. The terms will be 10 per cent of the bid and auctioneer's fees on the day of sale; the bid and auctioneer's fees on the day of sale; the belance of the purchases money on July 17. But 50 per cent may remain on bond and mortgage at 6 per cent for three years, on all purchases to the amount of \$5000 or over. This property is a part of one of the oldest estates in Westchester County. It was purchased from the Indians by Edward Jessup and John Richardson, jointly, in the middle of the seventeenth century, and the purchase was afterward confirmed by a Crown patent is 1660. It was the homestead of William W. Fox, from 1660. It was the homestead of William W. Fox, from the fact that the intersection of the present Westchester ave. with the Hunt's Point and West Farus Roader-ave. with the Hunt's Point and West Farus Roader-ave. With the Hunt's Point and West Farus Roader-ave. With the Hunt's Point and West Farus Roader-ave.

IRREGULAR PORK AT CHICAGO.

THE FOWLERS AGAIN IN TROUBLE - BARRELS "DOCTORED"-DECLINE IN WHEAT,
[BY TRLEGRAPH TO THE TRIBUNE.]

CHICAGO, June 11 .- There is another packing CHICAGO, June 11.—There is an extended been seiling pork to Armour at a great rate of late, "piumped" 5,000 barrels at him to-day. This was just the sized lot they sold him about a year and a half ago, and every barrel of which was found short weight. It was not unnatural that a little caution was used in accepting this let. It was opened and examined. The meat was found

lot. It was opened and examined. The meat was found to be improperly cut, and cheap meats were left on the sides. It was also found to be overhauled and "doctored." The lot was refused. The matter to-day/went before an arbitration committee, and the committee found all the pork irregular.

It is chiefly of interest because it is an incident in the efforts of the Fowlers and a clique of rich New-Yorkers led by "Nat." Jones here to bear pork. They have been selling desperately ever since the panic began at New-York, upon the theory that the banks here were going to smash and that pork, merit or no merit, must break.

They have, however, run up against some good strong They have, however, run up against some good strong holders, and now they are resorting to one device and another to extricate themselves. A petition is being circulated to make summer pork regular, and now the Fowlers have dumped 5,000 barrels of "irregular" pork

The gossip about the corn pit this morning was that Walker, the statistician of the New-York Produce Exchange, had ugured out an increase rather than a decrease in the visible supply of corn for the week. This talk was induencing prices for a decline, inasmuch as the Chicago figures made public yesterday showed a de-

talk was induencing prices for a decline, inasmuch as the Chicago figures made public yesterday showed adecrease in the supply of nearly 600,000 bushels, and masmuch as this little decrease was a disappointment. To have it out off altocether by so good an authority as Mr. Walker and even to have the figures put upon the other side of the column, made the bulls feel weak. "Nat" Jones and Roach were large sellers, and Lester & Co. were breaking prices by selling small lots a trifle under the market.

July corn opened at 56 'cents, but had declined by 11 o'clock to 55½. The receipts were said to be large by those who are in the confidence of the inspectors cotteric. Wheat was at first comparatively firm in the face of a great amount of "bearlsh" gossip. The countrymen, it is said, were great sellers at 81. Louis, and the feeling there was weak. New-York showed a precipitate decline. The cables gave no comfort to holders. Hobbs and his contreres were, however, apparently pleking up wheat in an undemonstrative way, and prices held pretty firm.

July opened at .89% cents, and at 11 o'clock there had been a decline of only % cent. Pork was higher at \$19.75 for July, and lard was steady at \$8.30. Ribs were 10 cents lower. As the day proceeded few incidents developed. Fairbanks & Co. became steady buyers of August corn, and helped to steady prices, which, on account of the weakness of wheat and the big receipts would have been weak and lower. The July option held steadily all the forenoon and closed at 1 o'clock at 55% cents. The receipts were 445 cars. Wheat continued to drag would. At one moment it was down to 88% cents for July, 1t closed at 89%. Provisions continued dull. July pork was steady at \$19.75. lard at \$8.25 for the same month. July wheat closed at 2:30 o'clock at 89% cents. The put price was \$81.3 cents. July corn closed at 56% cents. Pork and lard at 2:30 o'clock closed as they did at 1 o'clock.

THE COURTS.

THE PARK DEPARTMENT TO BE EXAMINED.

It was reported in the Court House yesterday that an application had been made to Justice Lawrence, in Supreme Court, Chambers, for an order compelling the Park Department. The application was said to have been made by Elitot Sandford in behalf of five responsible taxpayers, who, in accordance with statius, and on sufficient undertaking, have the light at any time to demand such an investigation. Justice Lawrence declined to act in the matter on the ground that Commissioner Olliffs is a consin of Mrs. Lawrence, 10000 1233, 1000

arguments for and against Daniel E Tenn div 5s The arguments for and against Daniel
Mooney's pretensions to the right of painting his vehicles
in imitation of the cabs of the New-York Cab Company
Cimited), were concluded before Justice Lawrence, yes climited), were concluded before Justice Lawrence, yesterday, in the Supreme Court Chambers. Ex-Judge Fulerton put spokes in the wheel of argument in Mr. Mooney's behalf and urged the liveryman's prerogation to use yellow paint in precisely the same manner in Eavlied T H 1st. 2,000. 40%, 5000. 40 Mooney's behalf and urged the liveryman's prerogation to use yellow paint in precisely the same manner in which the cab company employed it. The learned counsel declared that Mr. Mooney had as much right to the trademark of the taree feathers, the crown and the garter as had the company, and that 1-d stood for "licensed" and not "limited" or "bed." Mr. Jay, of Vanwinkle, Candler & Jay, insisted that Mr. Mooney in appropriating the device of other people's brains had put himself in the stitude of wanderers who stray into other people's pockets. He insisted that the Now-York Cab Company had an exclusive right in its device for its cabs and Mr. Mooney had no business to infringe upon it. Decision was reserved.

Hoscoe Cookling and Joseph H. Choate were in a negative state all day yesterday, in the Hoyt will centest. Ex-judge Shigman devoted his energy to "pumping" Heary Bailey, one of the professional nurses who attended Jesse Hoyt in the last weeks of his life. The learned counsel propounded inctaphysical, psychological, physiological, hydrenic, legal, moral and pathological questions to the witness, regarding the number of ph-holes found by him in the clothing of Jesse Hoyt, and upon other matiers equally pointed. The hearing will be continued on Monday.

A Sheriff's jury was sworn in yesterday in Part III. of the Supreme Court, in the case of the application of Mrs. Henry Havemever to have a decision upon her busband's ability to manage his property determined. She alleges that he is an habitual drunkard. F. L. Stetson appeared for Mrs. Havemeyer and her six children; Joseph H. Choate in behalf of the mother and the elsters and brothers of Mrs. Havemeyer and her six children; Joseph H. Choate in behalf of the mother and the elsters and brothers of Mrs. Havemeyer and her six children; Joseph H. Choate in behalf of the mother and the elsters and brothers of Mrs. Havemeyer and her six children; Joseph H. Choate in behalf of the mother and the elsters and brothers of Mrs. Havemeyer and her six children; Joseph H. C

COURT OF APPEALS CALENDAR. SARATOGA, June 11 .- The following is the Court of Appeals day calendar for June 12: Nos. 206, 207, 208, 210, 209, 214, 216 and 217.

COURT CALENDARS-THIS DAY. SUPREME COURT-CRAMBERS Before Lawrence, J.—Nos. 33, 35, 85, 90, 91, 97, 141, 151, 220, 228, 240, 250, 250, 250, 260, 270, 272, 274, 275, 276. Assessment cases. SUPREME COURT—SPECIAL TERM—PART I.—Before Andrews, J.—No. 487. -No. 487 SUPREME COURT-SPECIAL TERM-PART II.—Before Pratt. -Nos. 417, 503, 406, 530, 510, 409, 470, 484, 679, 423, 41, 0, 419, 420, 421, 217, 219, 507, 511, 212, 491, 199, 655, 485,

Bow-wow.—M. Pasteur, of Paris, officially for hydrophobia. "This treatment consists of three successive inoculations of the hydrophobic virus immediately after the bite." Let us trust this intelligence is not too good to be true. May we can we hope that it is not a hear, and will not prove to have been one of those canards that occasionally fly across the channel? His method of inoculation for hydrophobia seems uncommonly like the old "morning-after" remedy, when the hippy one who could "strike matches on his tongue" was recommended to take "a hair of the dog that but him." We have heard that it was an infallible recipe for the cure of that sort of phobia.—[Punch.

A Momentous Question.—"I hear your master extracts teeth without pain!" "Without payin' i bh no, sir. His charge is five shillings!"—(Punch.

Reported by John H. Davis & Co., 17 Wall-st.

The directors of the Western Union Telegraph Company to-day declared the usual quarterly dividend on the company's stock of 1% per cent for the quarter to end June 30, payable July 15. The transfer books will close June 20 and reopen July 2. The usual quarterly statements

were presented to the board. The revised statement for the quarter ended March 31 shows that the estimates for that quarter were erroneous; so that the so-called sur-plus at the end of that quarter was \$4,049,818, instead of \$4,094,711, as was estimated in the statement made March 12. The following comparative statement shows the figures of the estimate of March 12 and the corrected

Quarter ended March Estimate of March Actual by report 31, 1884. 11, 1884. June 11, 1884.

with the actual for the corresponding quarter of 1883: Quarter ending Actual 1883. Estimated 1884.

figures furnished to-day:

THE PETROLEUM MARKET.

New-York, June 11. As the figures of the National Transit Company, which now controls the United Pipe Lines, for May, 1883, are not available, no comparison can be made between the monthly reports for this year and last. Assuming that the net stocks of the Transit Company were about 1,500,000 barrels a year ago, it may be roughly estimated that the stocks of that company on May 31 were about 1.000,000 barrels in excess of the amount of the combined holdings of the Transit Company and the United Pipe Lines a year previous. Combining the reports of the two companies, we find that the figures for May, 1884, just published, show the following changes from April: Increases (in barrels) - gross stocks, 543,555; sediment and surplus, 206,569; net stocks, 336,986; certificates outstanding, 691,021; receipts, 96,486; deliveries, 195,760. The only decreases shown were 354,035 barrels in credit balances to producers and 99,274 barrels in the excess of receipts over deliveries. For comparison the statements (in barrels) for the last

three months of 188	4 are aunexed	l:

LIVE STOCK MARKET.

New York June 11.—BEEVES—Receipts were 138 cars of 2,636 head -122 cars at Jersey City and 18 cars at 60th-st. Total for four days 8,327 head, against 7,724 head for the conresponding time hast week. The 60th-st. arrivals were consigned to Stern & Metzger, who sold 147 head to Mr. Eastman on private terms. Including the Cattle held over from Monday and the half-dozen car-loads which arrived yesterday the total offerings at Jersey City were 140 car-loads. The supply although smaller than anticipated yesterday (a number of car-loads having been held back was fully equal to the domand. There were a dozen cars of Grans Texans in the yards and a half dozen cars of Corn-feet, and several droves from Ohio, Indiana and Illinois a little "grassy;" while of good corn-feed Western and fat Lancasters thesupply was not excessive. The market opened with a firmer feeling and all grades of Naives from Medium to Prime were a fraction higher, while for Texans there was very little demand, and bids were lower than on Monday. Still trade was at no time active, and the finish was dull, with the probability that a dozen car-loads would be carried over. Grass Texans sold mainly at fic. and Corn-fed at 10-5c, all to dress 55 fb. The few car-loads of Stillers went at 11-5c-12c, or dress 56 fb; and Common to Extra Corn-fed Natives sold at their ange of 58 % 50 per 100 fb. Several car-loads of Dry Gows were bought at 42 % 5c live weight.

The high prices have brought forward the Texans before they are fit for market, and shippers are advised that New-York stangheters have little or no use for them.

Salves-Sherman & Culver for M. Geismer: 75 Texans, 815 fb. at 9c, 55 fb. 13 do, 806 fb, at 10-6c fbr. 11-6c fb. 80 fb. 16c fbr. 11-8c fbr. 20 fbr. 18c fbr. 20 fbr. 18c fbr. 20 fb LIVE STOCK MARKET.

BUTTER.

Receipts for the week 45.207 pkgs. Exports 4.085. The market is more active and drimer. Arrivals continue liberal, but a good deal of the stock is being put a way in cold storage under instructions from shippers, and there is considerable speculative demand on the eat market. The movement is clienty in fancy goods on the peas market. The movement is clienty in fancy goods on the pease market. The movement is clienty in fancy goods of the which approach closely to fine, yet some trappose cent is noted in nearly all kinds. State Creamery palls cently probably be jobbed at 22 pc. if very fancy, out the receipts do not much exceed the wants of the grocery trade. Extr. Western sells promptly at 20 pc. if very fancy, out the receipts do not much exceed the wants of the grocery trade. Extr. Western sells promptly at 20 pc. 21 c. and Extra Florial 10 pc. 20 c. Exporters have orders for the quality as necessary senerally ask 30c. to the class of stock shippers want. Some Ordinary Creamery is selling at 17 #18c. Sweet want. Creamery is doing a little better at the close, though it would be difficult to effect important sales at 20c. State Dairy in small supply: fine quality is inquired for and might slightly exceed quotations. Receivers have been able to keep the medium grades fairly well cleared up by accepting moderate prices. Too little Extra Welsh arriving to establish reliable quotations; a few Ordinary to Prime lots are received and sell in the range quoted. Imitation Creamery has a fairly satisfactory movement on the boats of 16 d 1 c. for Fine. Selections of Western Dairy have reached 17c., but for boat straight invoices 15 d 16c. is the current rate. Factory plonities and dull, Fine Full Grass lows Stock is not salable above 14c. and very few of the Ohio of Indiana goods exceed 13c. Scarcely any call for Medium and Low grades.

well when fancy; many are small or in bed or sell low, creen Gooseberries dull. Peaches h and the Carolinas are mostly of inferior quality

Strawberries:
